RAMPAGE

Smash and Trash.

Go ahead—get it out of your system.

Lose your temper.

Smash a skyscraper. Trash a city.

Have an office building for lunch.

Go on a RAMPAGE.

All the features of the original arcade hit including:

- 1 or 2 players (IBM/Tandy: 1 to 3 players).
- Choose any of three mischievous monsters to control.
- 147 different cities to turn to total trash.
- Landscapes you can lunch on: tanks, trolleys, highrises and helicopters, and lots of tasty civilians.
- Super-colorful graphics and arcade-style animation.

Adaptation by Monarch Software.

Don't expect the mayor to present you with the keys to the city—you'd just eat them, anyway.

When a fellow player turns into a helpless human, devour him on the spot.

This is definitely *not* urban renewal.

Helicopters and their pilots, trolley cars and their passengers make nifty between-meal snacks.
