CREATIVE WORKSHOP SERIES

STRUT YOUR STUFF...

PUT YOUR APPLE IIGs THROUGH ITS PACES!

With **The Print Shop**, you can create your own personal letterhead, greeting cards, signs, banners, and more.

And do it all in vivid color.

The original Print Shop made computer history. With more than 900,000 programs in use, it's become the world's most popular graphics software.

Now this award winner has been completely redesigned to take advantage of the dazzling color and high resolution performance of the Apple IIGs.

The Print Shop includes over 120 unique designs. You can also use hundreds of other graphics from The Print Shop Graphics Library Disks for the Apple II.

Just point your mouse and click . . . you're a designer!

GET PERSONAL

Use italics . . . underlining . . . upper and lower case . . . solid . . . or three-dimensional lettering to personalize your design.

LOOK SHARP

See how The Print Shop shows off the high-resolution capability of the Apple IIGs. . . in graphic detail with eight vivid colors!

COLOR, COLOR, COLOR

Design full-color graphics like this yellow tree with green leaves beside a blue sea. Select a single color border . . . or a special multi-color border. Add another color for backgrounds. . . or print each line of type in a different color. Choose from red, orange, yellow, green, blue, purple, black, or a rainbow effect.

TAKE YOUR PICK

Select from an assortment of unique graphic elements, each one a beautiful, multicolor design by a professional artist. Then choose a graphic layout for your design. You can change the size of the elements and arrange them in any number of ways. Or you may simply select a full panel design like this one.

GET THE BIG PICTURE

Add impact with a gallery of full panel designs—so complete you can fill an entire page with them. Creative expression has never been this easy!

- It all starts here with the Main Menu.

- A Graphic Editor with 16 special drawing and editing tools is included.

The Print Shop is so easy to use, you probably won't need to read the manual to get started. Just start up the program and follow the prompts that appear on the screen. For quick reference, this card shows each of the fonts, summarizes the text entry commands, and lists the available Print Shop graphics by number.

On the back side of the disk is a colorful demo program introducing you to The Print Shop. For an added bonus, press CTRL-A (for "animation") while the demo is running.
