WHERE IN THE U.S.A. IS CARMEN SANDIEGO?

ACME DETECTIVE AGENCY M E M O

Dear Agent A07:

Welcome to the Acme team. We urgently need your keen mind, spunky spirit and uncanny knack for gathering clues. Carmen Sandiego and her gang have threatened to steal our nation's most precious treasures — from the Washington Monument to the Golden Gate Bridge. And they've already begun!

You are hereby authorized to begin your investigation immediately. Travel at once to the scene of their most recent heist and begin questioning witnesses.

You have top-security clearance, and I have enclosed the following classified materials:

1. A large foldout map of the USA. (She's vowed to strike all 50 states AND the District of Columbia!)
2. A captured copy of Carmen's secret Scrapbook with photos and descriptions of her current gang. They're a motley crew.
3. Fodor's USA travel guide with thousands of vital facts to help you interpret the clues you dig up.
4. Detailed instructions for operating the Crime Computer to obtain legal arrest warrants. This is crucial. Otherwise, guilty criminals will be released without trial.

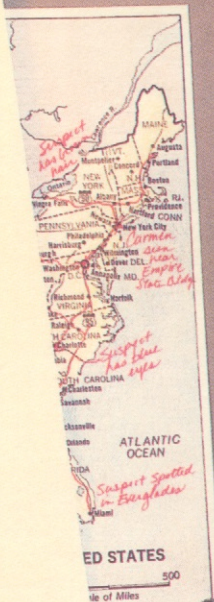

And stay alert! Who knows where she'll strike next. We're counting on you, Gumshoe. And I promise this: Crack this case and you won't be a Gumshoe for long. I'll see that you're promoted through the ranks to our very highest rank: Super Sleuth!

Good Luck!

And you were dreaming of palm trees and sunshine...

8 a.m., a miserable, stormy morning. After an hour-long commute in the pouring rain, you slosh into the Acme Detective Agency, grunt hello to your secretary, pour yourself a cup of scalding coffee and slump at your desk. It's been a tough year. The only thing good about it is that you've earned a vacation and you're scheduled to leave at 5 p.m. today. You take a swig of coffee and grab a travel brochure from your desk. Visions of sandy beaches, swaying palms, and cool blue waters fill your head.

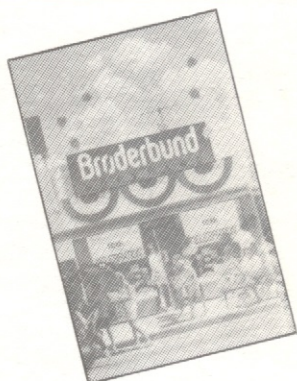

Suddenly, you're snapped back to reality by a newspaper slammed down on your desk. "Read it and weep," a voice growls. Matt Brannigan, a beefy-faced lunk and one of the agency's top men, is looking down at you with a twisted grin.

You scan the headlines and your heart skips a beat. You can't believe your eyes: Carmen Sandiego has escaped from the toughest prison in Europe!

"The Chief has cancelled all vacations and put everyone on 24-hour-a-day alert," your colleague says. "We've got it on good authority that Carmen's headed for the U.S.A. with the worst gang of thugs and criminals ever assembled. No one rests until she's behind bars again!"

As you slam dunk your now worthless travel brochure into the metal trash basket beside your desk, you can't help but wonder at Carmen's timing in re-establishing her Villain's International League of Evil (V.I.L.E.) in the U.S.A. Why couldn't she have waited? Just a few hours more and it wouldn't have been your problem. Grimly, you gather your trench coat around you and head for the door.

"Maybe you'll get to see a bit of the country during this caper," your fellow detective offers as you head for the door. "Yeah," he chuckles, "just think of the whole thing as one big vacation—it'll make it easier."

SUBJECT: PROMOTIONS

After you solve a number of cases, you will become eligible for promotion to the next higher level.

However, before you can be promoted, you must pass a test. You will be asked a question from the reference book included in your Carmen package.

You will have three chances to answer correctly.

If you get the right answer, you will be promoted immediately. Congratulations.

If you fail to answer correctly after three tries, you will need to start over and work your way up again. Sorry, but those are Acme's regulations, and they must be strictly enforced.

Sincerely,

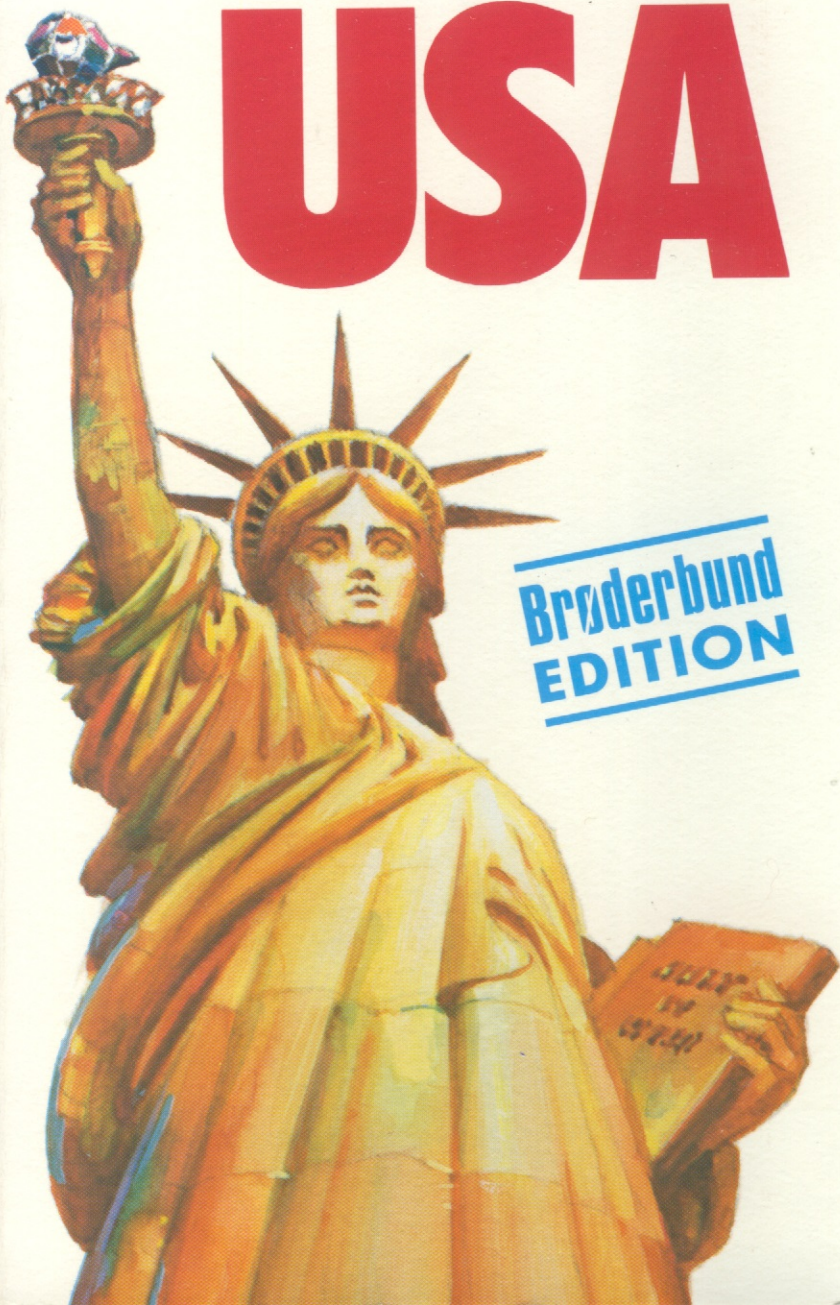

The Chief
